Fachstelle Migration

Date as postmark

Invitation to new residents of the Canton of Zug.

Welcome to Canton Zug!

Moving to a new home is an exciting time but it can be stressful when you have to learn so much about your new surroundings, particularly if you are unfamiliar with the country and the language.

We are the Fachstelle Migration (Migration Advisory Office in English) and our job is to offer you support and assistance. We offer advice in your language (or one more familiar to you than German) on numerous issues including learning German, everyday life in Zug and many things you probably haven't thought of yet.

We would like to invite you to a free 15 minute confidential consultation to discuss how we can help you.

Our members pay a CHF 10- annual fee after the initial consultation to have unlimited access to our full range of services and we can complete more complex written work (i.e. Tax forms) at a small additional charge. The Fsm welcome desk is open daily from 13:30 – 16:00 or make an appointment with us on 041 728 22 76.

Our website www.fsm-zug.ch or <http://www.zug.ch/behoerden/org-mit-leistungsauftrag/migration-advisory-office> has a great deal of information and links to help you integrate and we can send you printed factsheets on the following subjects if you prefer:

<i>Accommodation</i>	<i>Family & Children</i>	<i>Education</i>	<i>Health</i>
<i>Moving to / from Zug</i>	<i>Social security</i>	<i>Language Courses</i>	<i>Insurance</i>
<i>Transport</i>	<i>Leisure</i>	<i>Finance</i>	<i>Clubs & contacts</i>

If you wish to make an appointment please call us, otherwise for more information please email us welcome.desk@fsm-zug.ch or return the reply slip.

We hope you enjoy living in Zug and hope to see you at the Migration Advisory Office.
